

Nairne School

Preschool - Year 7

Camps and Excursions

Month and Year Created or Reviewed

Rationale

Learning can take place in the following ways:

- through and for personal and social action
- within and about wider community
- with practical applications

Beliefs

We believe activities such as camps and excursions can greatly enhance the progress of learning, offering new, varied, challenging and practical experiences across the learning areas. In many instances this can become some of a student's most significant and meaningful educational experiences.

Strategies

This is done by:

- All teachers seeking to schedule such experiences in their educational programs
- Making sure learning occurs in a safe environment
- Thorough preparation, thought and sound planning using the Camps and Excursions guidelines for schools and preschools
- Observing aspects such as duty of care, hazard assessment procedures, safety precautions and supervision ratios

Other Information

Complete all planning documents contained within our Nairne Preschool-Year 7 Excursion and camp Policy booklet
