We keep a reasonable quantity in stock, so please call into the front office to purchase your uniform items. If we do not have the required items in stock we will place an order with our suppliers. Our main aim is to keep our prices as low as possible. If any profit is made all the proceeds go to the school for current projects. You can call into the office at any time to purchase uniform items or place an order. We have managed to keep our prices the same again this year but wish to advise that we no longer stock the girls summer check culottes. We have had trouble sourcing the Tag cotton drill pants and shorts recently although we still have some of these in stock.
