# Plan summary

Goals	Targets	Challenge of practice
<b>Students are assessment capable learners in mathematics and show increased achievement in reasoning and problem solving.</b>	For those students enrolled in year 5 in 2019, whose achievement bands were in the 115-129 band in PAT M in year 4, increase by 10% the number of students achieving the 129 - 139 band in PAT M	<p>If we use an evidence-based approach in mathematics and explicitly teach mathematics skills, give students opportunities by engaging in personalised maths and use data to measure progress of student learning.</p> <p>Then we will see an improvement in higher band attainment in NAPLAN, SEA, A-E results and students becoming assessment capable learners.</p>
	For those students enrolled in year 5 in 2019 an additional 10% will achieve a higher attainment level in PAT M in 2020.	
	For those students enrolled in year 5 in 2019, 20% more students will achieve the HB in the year 7 NAPLAN numeracy than did in year 5.	
<b>Students are assessment capable learners in literacy and show increased achievement particularly in writing.</b>	Increase the number of students achieving C or B grades in writing by 30%	<p>If we use an evidence-based approach to the teaching of literacy, explicitly teach the skills of writing, with a specific emphasis of using data to monitor and plan for student learning.</p> <p>Then we will see an improvement in higher band attainment in NAPLAN, SEA and A-E results.</p>
	Increase the number of students achieving SEA levels or higher by 30%	
	Using NAPLAN data, the number of students achieving the upper bands in writing increase by 10%	
<b>Students plan, assess and reflect with a focus on personalised learning.</b>	All students are able to work with teachers to set their own learning goal in at least one area.	<p>If we further develop and implement a culture of personalised learning with a focus on student action, reflection and feedback.</p> <p>Then we will see an improvement in engagement and students being able to articulate the next stage of their own learning</p>
	All students are able to work with teachers to set their own learning goal in at least one additional area and use strategies to self assess their own learning.	
	All students are able to work with teachers to set their own learning goal in at least one additional area and use strategies to self assess their own learning and set new learning goals for themselves.
