

Seesaw Information & Consent Form

2021.1

Enhancing Connections between Classrooms & Parents

Overview

At Nairne School we use the **Seesaw** app as a way to enhance the connection between parents and the classroom and for whole school communication. Seesaw is a secure online journal where children can document what they are learning and experiencing in the classroom.

Your child's teacher / child is able to add photos, videos and documents to a child's Seesaw Journal, shared in a private journal for your family to view. Classes have a general class portfolio where staff and students will post more general photos and items about events.

Families who install the free app on their phone (or other devices) receive notifications of new posts and are able to view the general portfolio and personal student journal. No other families will be able to view your child's personal journal unless you share it yourself. Seesaw has a clear privacy policy available at web.seesaw.me/privacy and is committed to never sharing or selling personal information or journal content. Please look through the information provided by this site if you have any questions about how the app works.

You can find the **Seesaw Family** app for parents and **Seesaw Class** for app for students through your device's app store or access content online at seesaw.me.

After this consent process is complete we will not post any information or photos of students who do not have parental permission. If you **do not wish** to use Seesaw, please talk to your child's teacher or a member of the leadership team about alternatives.

*Please read, complete and return this agreement to the Front Office or email to dl.0306.info@schools.sa.edu.au
A copy of this Information will be available on nairneps.sa.edu.au under Policies & Publications*
