

Onsite Swimming & Aquatic Consent

CONFIDENTIAL

2021.1

To be completed by the Parent/Guardian for students participating in ONSITE swimming and aquatic activities at Nairne School Pool. Classes will be swimming on regular occasions in terms 1 & 4. This form will be shown to School Staff, Swimming Instructors and Emergency Services Personnel responsible for this student's safety at swimming and aquatic activities.

STUDENTS WILL NOT BE PERMITTED TO PARTICIPATE WITHOUT A COMPLETED AND SIGNED CONSENT FORM

Section 1: Person Details

Student Name:

Date Of Birth:

Medic Alert No: (if relevant)

Emergency Contact:

Contact Phone:

Section 2: Health Support Information

Please complete the following information so the instructors and/or school staff can plan for your child's safety in the water.

Does your child have a health care need that could affect their safety in the water?

NO

If NO – please go to section 3

YES

If YES – please complete this section

If you tick any of the boxes below the Swimming and Aquatic Instructors and/or school staff need a written health care plan from your child's doctor/treating health professional. This may be a copy of the information you have provided already to the school.

IMPORTANT: failure to provide required medication will result in exclusion from the program.

- Asthma
- Severe allergy (e.g. bee sting)
- Joint disorder
- Vision impairment
- Ear disorder
- Incontinence
- Medication usually taken at school
- Other (please provide details)

- Seizures, Epilepsy
- Diabetes
- Heart Disorder
- Hearing impairment
- Skin condition
- Swallowing/choking
- Communication difficulties

Have you attached health care details from your child's doctor/treating health professional?

NO

If NO - staff and instructors will provide standard supervision for safety and first aid (see over)

YES

If YES - write down what you have attached and please ensure all relevant medication is provided below.

Section 3: Consent to take part in swimming or aquatic activities

I give my consent for my child named above to participate in swimming or aquatic activities
I understand that school staff will be present and provide supervision for safety.
I understand that the swimming or aquatic instructor will be in charge of the water activities.

Parent / Guardian (Full Name):

Parent / Guardian (Signature):

Standard Health Care Support for the most common health conditions:

Asthma

- Any child currently prescribed asthma medication must bring their medication. Asthma care plan should be attached to this consent form.
- Standard First Aid:
- Four puffs of reliever medication. Wait four minutes. If no relief, four more puffs, wait four minutes. If still no relief, call an ambulance.
- No return to the water after two lots of reliever medication within any given session.

Seizures

- No swimming without care plan from doctor/seizure specialist.
- Any student with a diagnosed history of seizures will have an adult acting as one to one safety watch.
- Seizures are generally managed in the pool.
- Continuation in the swimming program that day will be assessed by supervising teacher in consultation with student's health care plan

Diabetes

- No swimming without care plan from doctor/diabetes specialist.
- First aid as per individual diabetes care plan.

Severe Allergy

- SAs per allergy specialist care plan

Drainage Tubes in Ears

- Ear wrap or properly fitted plugs to be worn throughout water activities
- Unless written medical advice is provided saying this is not necessary.

Incontinence

- As per care plan

Choking

- As per care plan

Infections

- All open wounds must be covered, for the child's own protection, with a control waterproof occlusive bandage
- Students with significant unhealed wound(s) will be advised not to go swimming until the wound has closed.
- Students with ringworm should not commence swimming until at least 24hours after commencement of appropriate treatment (usually a topical anti-fungal cream)
- Students with tinea should not go into pools or change rooms until at least 24 hour after commencing appropriate treatment
- Wearing slip-on footwear while walking in the pool area and change rooms protects against transmission of some infections such as tinea.
